

# AD-301, 300, 315 Lacquer Primer

## Technical Data

Color:	Gray, Red Oxide, Black
Mix Ratio:	1:1.25
Activator:	N/A
Weight Solids(RTS):	50%
Film Build:	1.0 mils
Coverage:	529 sq ft./gal
Dry Time:	20 Minutes
Pot Life:	indefinite
V.O.C.	5.61 lbs/gal

AD-301 Lacquer Primer Surfacer is a very good quality acrylic lacquer primer surfacer formulated for excellent fill, fast dry, easy sanding, excellent adhesion and exhibits minimal shrinkage.

---

### Features:

- Economical
- User Friendly
- High Solids

### Advantages:

- Lower Material Cost
- Easy Sanding
- Fill Quickly

### Benefits:

- Increased Profits
  - Labor Savings
  - Increased Productivity
- 

### Special Instructions

1. Apply 2-3 medium wet coats
  2. Allow a 15-20 minute flash time before sanding
  3. Apply a sealer directly to AD-300 prior to topcoating
-
